IN COLLABORATION WITH
INDRA NARAYAN ACADEMY H.S. SCHOOL
DHUBRI, ASSAM

AWARENESS PROGRAMME AGAINST TOBACCO, DRUG AND ALCOHOL ABUSE

Event Organized by

Department of Political Science & IQAC, Bilasipara College in
collaboration with INA H.S. School.

Date: 21/11/2023

Time: 12:30 pm

Venue: INA H.S. School.

Beneficiaries: students from class 8 to
12 of INA H.S. School.

Participants: Teaching staff and students of the school.

Significance of the issue:

Drug abuse has become rampant like wildfire the world over and India is no exception. It is more prevalent among the youth of a nation like India where the youth constitute the majority population. This very fact makes the issue more serious and gives signs of impending danger.

And with regards to tobacco a similar danger looms large. According to "Global Adult Tobacco Survey India, 2016-17" nearly "267 million adults (15 years and above) in India (29% of all adults) are users tobacco."

Also another very related and even common but equally harmful addiction is that of alcohol which not only harms the addict but also has serious repercussions on a societal, economic, cultural and family level. Given the fact that it is easily available and sold without much social obligation, youth are easy prey to this.

Hence, the seriousness of the issue and the immediacy of dealing with it need no exaggeration. Keeping this in mind, Department of Political Science, Bilasipara College, decided to deal with this issue and organize an awareness campaign to spread the awareness among the students of the college.

Execution of the Programme at INA Academy

In consonance with the same Department of Political Science carried out a successful awareness campaign against tobacco, drug and alcohol abuse.

The program started at around 12:30 pm with an opening speech by the Principal of INA H.S. School followed by a powerful and enlightening speech by Sunil Kumar Sharma, HoD, Political Science. He made the students aware of the potent dangers of tobacco abuse on the health of the person and also for the families of the addict. He also shed light on the legal framework in India in order to prevent drug and tobacco abuse. He ended on an optimistic note urging the students to stay away from these perils and create a healthy and tobacco free society and help carry India forward towards becoming a 'Vishwa Guru' or world leader.

The programme was then graced by a speech given by Kulen Das, Assistant Professor, Department of Political Science, who basically encouraged the students towards leading a healthy life. He emphasised on the point that only a healthy population can help a country reach new strides of development. He wrapped up his speech with a few steps towards a healthy lifestyle.

The last speech of the day was delivered by Namrata Sen, Assistant Professor, Department of Political Science. Her speech revolved round the most rampant addiction in the society in the contemporary times and that is alcohol abuse. She ended with the slogan that -Don't have it otherwise it will soon become a habit.

The program ended with taking an Oath by the faculty members and the students present to say no to drugs and tobacco and alcohol and a vote of thanks by Principal, INA H.S. School.
