World Water Day Celebration

Event Organised by Department of Chemistry and Physics, Bilasipara College.

Date: 22/03/2024

Time: 1.00 p.m.

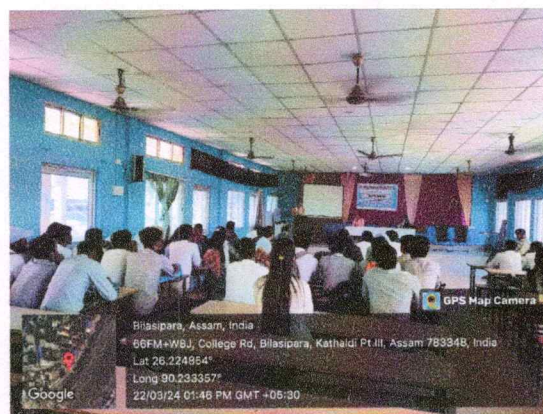

Venue: Dr. Bhupen Hazarika Hall, Bilasipara College.

Participants: Teaching Staff and HS & UG students.

Bilasipara College celebrated "World Water Day" on 22nd March, 2024 organised by the Department of Physics and Chemistry in the Dr. Bhupen Hazarika Hall at 1.00 p.m. A good number of students of both Arts and Science Streams together with faculty members participated in the celebration. Our honourable Principal Dr. Biswajit Biswas graced the occasion by his presence. Suvendu Saha, Asstt. Prof., Deptt. of Physics explained the importance of the "World Water Day". He explained at length the problem of shortage of drinking water the humanity might encounter in the foreseeable future. In view of the dwindling status of drinking water scenario in the country, he stressed on the need of cultivating the practice of water conservation. Dr. Biswajit Biswas, Principal, Bilasipara College threw light on the importance of "World Water Day" in his brief speech. Dr. Kingshuk Chakraborty, Co-Ordinator IQAC, Bilasipara College, highlighted the importance of water conservation for future use. Prof. Amanur Rahman, Deptt. of Chemistry and Prof. Ashok Kumar Das, Deptt. of Physics stressed on the need of rain water harvesting and judicious use of underground water in their brief speeches.

An extempore speech competition was held among the students and the winning participants were awarded by our honourable Principal Dr. Biswajit Biswas.

At the end Prof. Dharmendra Nath Mishra, Department of Physics offered vote of thanks to the participants.
