**“ Use of chemical fertilizers and Pesticides “**

Dated : 07. 10 2023

Venue : Bholanath High School, Helagari.

Speaker : Mr Anil Bhuyan, Department of Zoology Bilasipara College.

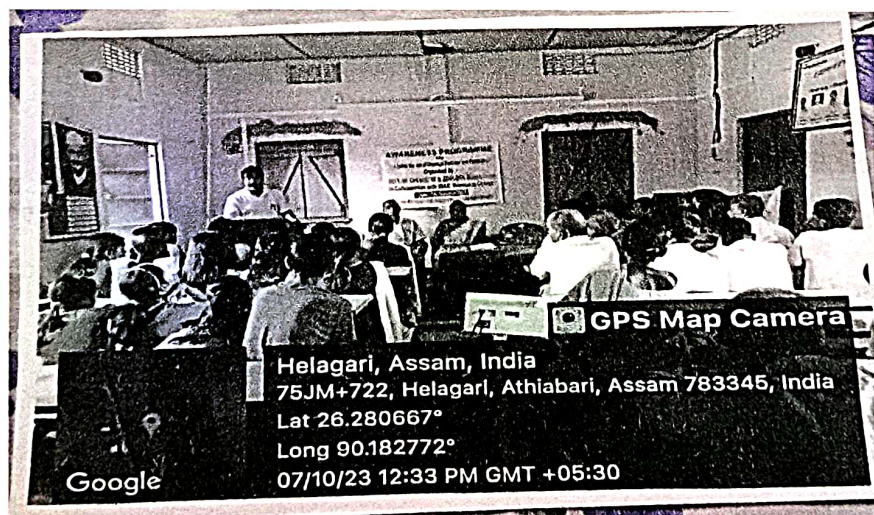

Mrs. Anita Koery, Department of Zoology

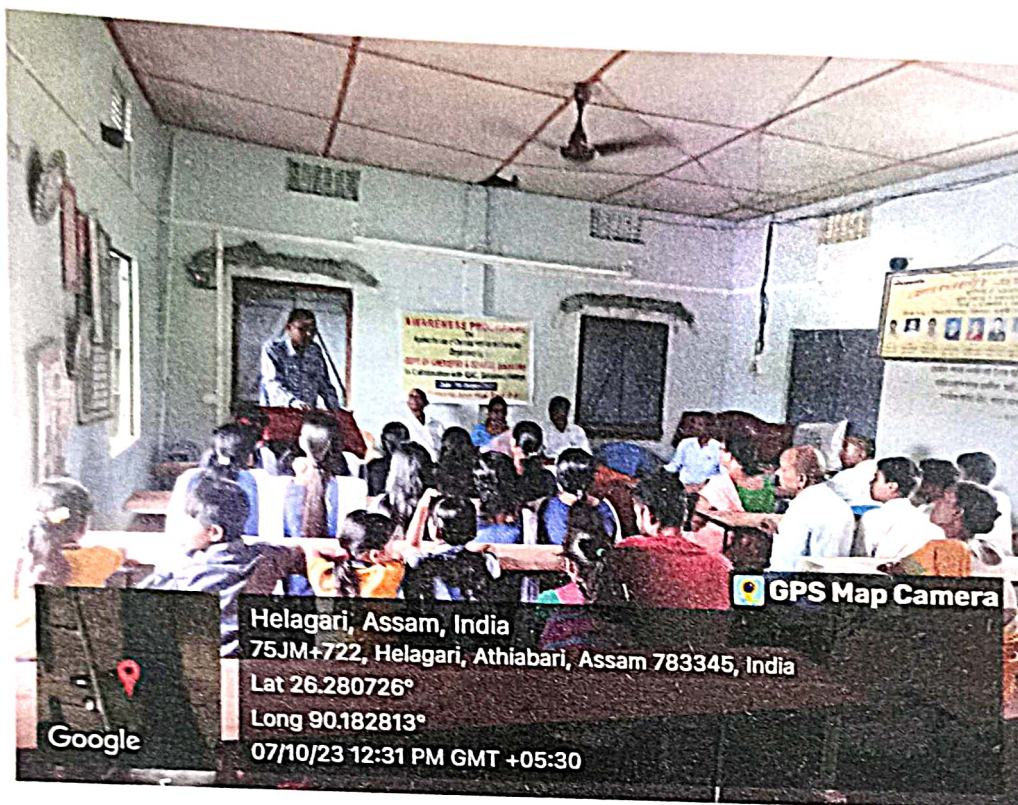

Dr. Bipul nath, Department of Chemistry

Program Organized by the department of zoology and chemistry and IQAC Bilasipara College

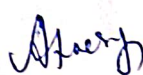

The awareness program against the use of chemical fertilizers and pesticides organized by the department of Zoology and Chemistry in collaboration with the IQAC. Bilasipara College at Bholanath High School, Helagari (Raniganj, Dhubri) with the students gurdians and staff members to make awareness about the use of various chemical fertilizers and pesticides in the agricultural fields of the villages of the attached areas and there severe effect on the human health and we try to make awareness and use of different types of organic and herbal methods to control different types of insects and fertilizes. The land with organic way like compost manure, cowdungs etc.

It was a very beneficial lecture for the staff, gurdians as well as students of the said school. Hope they thought about the seriousness of the matter and try to use organic manure and insects control method instead of chemical fertilizers and pesticides.
