

Report on Awareness Programme on Save Energy and Environment Protection

Date: 13.02.2020

Venue: B H Hall, Bilasipara College

Organized by: Petroleum Conservation Research Association in collaboration with IQAC, Bilasipara College

Introduction:

An Awareness Programme on Save Energy and Environment Protection was successfully organized at B H Hall, Bilasipara College, on February 13, 2020. The event was conducted by the Petroleum Conservation Research Association (PCRA) in collaboration with the Internal Quality Assurance Cell (IQAC) of Bilasipara College. The programme aimed to educate students and faculty members about the importance of energy conservation and environmental sustainability.

Objectives of the Programme:

1. To raise awareness about the significance of energy conservation in daily life.
2. To highlight the impact of environmental degradation and ways to mitigate it.
3. To encourage the adoption of renewable energy sources and sustainable practices.
4. To provide practical solutions for reducing carbon footprints.
5. To inspire students and faculty to take active roles in environmental protection.

Activities Conducted:

- **Expert Talks:** Eminent speakers from the Petroleum Conservation Research Association delivered insightful lectures on energy conservation and sustainable environmental practices.
- **Presentation on Energy Efficiency:** A multimedia presentation was conducted, demonstrating methods to reduce energy consumption in households, industries, and institutions.
- **Interactive Session:** A question-and-answer session was held where participants discussed innovative ideas for saving energy and protecting the environment.
- **Pledge for a Greener Future:** Participants took a pledge to conserve energy and contribute to environmental sustainability.

Participation and Impact:

The programme witnessed enthusiastic participation from students, faculty members, and college staff. The event successfully instilled a sense of responsibility towards energy conservation and environmental protection.

Conclusion:

The Awareness Programme on Save Energy and Environment Protection was a significant step towards promoting sustainability and responsible energy use. The collaborative efforts of the Petroleum Conservation Research Association and IQAC, Bilasipara College, highlighted the urgent need for environmental consciousness among the youth. Such initiatives play a crucial role in fostering a sustainable future and encouraging individuals to make eco-friendly choices.
