

Report on Post Flood Mega Health Mela at Bilasipara College

Date: 03.10.2021

Venue: Bilasipara College

Organized by: Chapar-Bilasipara Health Block in association with IQAC, Bilasipara College

Introduction:

A Post Flood Mega Health Mela was successfully organized at Bilasipara College on October 3, 2021, by the Chapar-Bilasipara Health Block in collaboration with the Internal Quality Assurance Cell (IQAC) of Bilasipara College. The initiative aimed to provide immediate healthcare services to the flood-affected population of the region, addressing post-flood health concerns and ensuring community well-being.

Objectives of the Health Mela:

1. To provide free medical check-ups and consultations to the flood-affected people.
2. To distribute essential medicines and healthcare kits.
3. To raise awareness about post-flood diseases and preventive measures.
4. To offer specialized medical services, including gynecology, pediatrics, and general medicine.

Activities Conducted:

- **Health Check-ups:** A team of doctors, nurses, and paramedics conducted free health check-ups for hundreds of people, diagnosing common illnesses such as waterborne diseases, skin infections, respiratory issues, and malnutrition.
- **Medicine Distribution:** Free medicines, including antibiotics, pain relievers, and multivitamins, were distributed to patients based on their medical conditions.
- **Specialized Medical Services:** Specialists in gynecology, pediatrics, and general medicine attended to specific health concerns of women, children, and the elderly.
- **Health Awareness Sessions:** Awareness programs on hygiene, sanitation, vector-borne diseases, and mental health were conducted by medical experts.

Participation and Impact:

The Health Mela witnessed active participation from a large number of flood-affected individuals, students, faculty members, and healthcare professionals. The initiative significantly contributed to addressing immediate health concerns, raising awareness about preventive healthcare and ensuring better preparedness for future calamities.

Conclusion:

The Post Flood Mega Health Mela at Bilasipara College proved to be a highly successful event in mitigating the health challenges faced by flood-affected communities. The collaborative efforts of the Chapar-Bilasipara Health Block and IQAC, Bilasipara College, demonstrated a strong commitment to public health and welfare. Such initiatives play a crucial role in strengthening healthcare support in disaster-prone regions and fostering community resilience.
